Sapphire Loyal-CHRP

CHRP | People and Culture Lead at COLABS | QSR Compliance & Training Expert | Founder – ProServe Consultancy | Career & Life Coach | Empowering Service Excellence through People, Process & Performance

Lahore District, Punjab, Pakistan

Summary

I'm Sapphire Loyal, a CHRP-certified trainer, operations coach, and a proud founder of ProServe Consultancy-where we help QSR brands build service-driven, high-performing teams that customers remember.

With over a decade of hands-on experience in hospitality and operations, I've worked with some of the most recognized names in the QSR industry-KFC, Burger King, Papa Johns, & COLABS. I've led everything from front-line training and team audits to launching new stores and building people-first cultures.

At ProServe, our goal is simple: to support QSR brands with the right people, processes, and purpose. We offer:

Tailored recruitment for skilled, semi-skilled & unskilled staff

Practical, engaging training programs (service, grooming, SOPs, food safety)

Operational audits, compliance checks & mystery shops

Team engagement activities that drive loyalty, morale & performance

Our Impact:

✓ Recruited 3,000+ candidates across national and international brands

✓ Trained 5,000+ employees in service, safety, and leadership

✓ Conducted 100+ compliance audits and mystery shops

✓ Created and delivered the LEAD Program to upskill restaurant supervisors

Currently at COLABS, I lead Training & Standards, designing internal certifications, improving service delivery, and building a performance-driven yet empathetic team culture.

Beyond systems and checklists, my passion lies in People. That's why I also work as a Career & Life Coach, guiding individuals- especially frontline staff and job seekers-toward clarity, confidence, and career direction. Watching someone grow into their best self is my biggest reward.

If you're a QSR brand looking to raise your standards, or someone ready to step into your potential-I'd love to connect.
